

Play on the Playa

The brand-new bohemian enclave, [Bahia Vik](#), is drawing tons of attention to a spectacularly designed slice of oceanfront dunes in Uruguay—and coming into low season, the architecturally minded, wildly expensive rooms are priced for the taking. Enjoy horseback riding, gauchos, seafood feasts, private beach clubs, the works. Further west along the coast, wine country's [Casa Chic Carmelo](#) is a modern estancia on the River Plate. The retreat, favored among the urban chic, has bird-watching, miles of beaches and a terroir-minded wine list almost as long. *[Uproot yourself to Uruguay.](#)*
